On Aug 4th 2012 your scouts will be able to say,
" I talked with the astronauts aboard the International Space Station, designed a moon base, flew rockets, helped plan a mission to Mars with the help of a specialist at the Jet Propulsion Laboratory in Houston, used Self Contained Underwater Breathing Apparatus, built robots and earned 5 technology Merit Badges including Aviation (our featured Merit Badge at SJ6):
What did you do with your weekend?"
- or perhaps, " I completed Medicine and Emergency Preparation, merit badges and talked with an astronaut, helped plan a Mission to Mars, saved a life in a Disaster Drill, found some great food vendors, had my hat blown off by a helicopter landing, and.. and...

SCOUTS PROGRAM- Aug. 3-5 2012
CHESS, INVENTING, space Exploration, Radio, AVIATION (Aviation will be a signature program this year! - hope to have Rides!!!!), Electronics, Robotics (an Awesome program)(, Soil/Water Conservation, Citizenship in the World, Environmental Science, Energy, Pulp & Paper, Intro to Scuba Diving, Emergency Preparation, Disabilities Awareness (A+), Medicine, Metalwork and Woodwork (Awesome programs again), Computers, Archery, Scholarship, Fingerprinting, Truck Transportion, Textiles, Geo Caching, Geology, Aand YES Duct Tape Merit Badge is back (always improving!).

Options are plentiful, classes are expandable and we do not anticipate having to turn away any. That being said, there are some important prerequisites (a list on the register tab) as we strive to give Scoutmasters 'completed ' MBs, preference will be given to scouts who have completed prerequisites and some will 'require' prerequisites to be completed to get in.

WEBELOS PROGRAM-Aug 4th 2012
They can earn up to 5 badges; New Activitie Pins (Scientist, Engineer and Readyman were offered in 2011, we will have 3 new badges in 2012 Traveler, Outdoorsman, Geologist, options for the afternoon include Ready man and Scientist, though most Webelos will only take three morning classes and enjoy a free afternoon for fun). We will have Archery and BB guns demos. How much fun does that sound like!

Webelos Units are encouraged to partner with a Troop and camp the whole weekend, but it is your choice.

Inflatables, demonstrations, food vendors and everyone attending enters a lottery to talk with the astronauts on the International Space Station.
We are running a Disaster Drill for the Medicine and Emergency Prep programs... This is going to be a ton of Fun and a learning experience for everyone... Live Chess Game (real people pieces)...
Register opens for all in January 2012. This will sell out again.
